Doyle spending time with some airmen at the new Airmen Ministry Center

I recently returned from a 3 day trip to Ellsworth AFB near Rapid City, South Dakota. Doyle and Chris Spader are the Cadence missionaries that minister to the men and women at Ellsworth. In October of 2009 an Airmen Ministry Center was opened to provide a healthy place to hangout for the the single airmen on base. Doyle has been working with the chaplains at Elsworth for over ten years, so it was no surprise when they asked him to supervise the “all volunteer” staff that keeps the center running.

Doyle is kept busy with this responsibility as well as helping out with “The Rock” Sunday evening service at the chapel. The Spaders also have airmen out to their home for an occasional meal or special activity. They do all this as “Part Time” missionaries with Cadence. Please pray for the Spaders and their ministry, and especially for Doyle as he strives to provide a godly influence for the many airmen he comes in contact with. Thanks also for praying for Kim and I as we strive to provide pastoral care and leadership for the America Central field.
